DEL WEBB SUN CITY - HUNTLEY TRAIL MAP

WALKING TRAIL COURTESY AND SAFETY

To ensure your safety and to preserve the integrity of the community's walking and biking trail system, we ask that you observe the following guidelines:

- All trail users, including bicyclists, joggers, walkers, and wheelchair users should be respectful of the other users, regardless of their mode of travel, speed or level of skill.
- Always stay to the right as you use the trails. When in a group, including your pets, use no more than half the trail-way, so as not to block the flow of the other users.
- All users should give a clear warning signal before passing. Always be courteous when providing the audible signal. If more than one cyclist, give number in group. For example, "three bicycles passing on left".
- Motorized and passenger vehicles are not allowed on trails. Golf carts are allowed on the trail around the perimeter of Wildflower Lake only (as marked on Trail Map).
- Inline skating is not permitted on trails.
- Please observe and respect the privacy of adjacent residences. Please utilize trash receptacles.
- Please be alert for trail hazards including rocks, soil, water, wildlife and slippery surfaces.
- The trail encompasses natural areas supporting a diversity of sensitive wildlife; please be stewards of these environments and alert for potential hazards.
- Please pick up after your pets and keep them on leash at all times.
- Trails, other than those adjacent to public streets, are private and for the exclusive enjoyment of residents and their guests.
